ABSTRACT: A brief abstract not exceeding 15 lines should appear at the beginning of the paper, on top of the left column.

1 Introduction

The text following a main heading should not be indented.

Paragraph indentation should be 3 character-spaces, with no line space between paragraphs.

The sections of the paper should be numbered in decimal form (for example: 1 Introduction, 2 Method).

2 Method

Prospective authors are requested to submit a full paper of four or two (never three!) A4 pages including illustrations and references, in English, in the format of a PDF file for evaluation by the Programme Committee. The PDF file must be attached to the Registration and Paper Submission Form. Deadline for submission is **April 1, 2006**, and notification of acceptance will be given before **May 15, 2006**. The paper length will not be a criterion in selection of the papers for the program.

Accepted papers will be published as submitted in the Conference Proceedings, which will be distributed to all participants at the beginning of the Conference. Notice, that articles in the Proceedings BEC2006 will refer to the INSPEC.

Selected authors will be invited to submit updated manuscripts for the special issue of the Proceedings of the Estonian Academy of Sciences, Engineering.

For further information concerning the scientific program and submitted contribution, please contact prof. T. Rang.

3 Results

The length of the paper is restricted to exactly four (4) pages, including figures and references. If the presented material is shorter, the acceptable length is exactly two (2) pages in the same format.

The margins around each page should be set as follows: left = 2 cm, right = 2 cm,

top = 3 cm (5 cm on first page), bottom = 3 cm.

The text of the manuscript must be printed in two columns. Width of each column should be 8.2 cm. The column separation is 0.5 cm.

The first page of the manuscript must contain the title of the paper, author(s) name(s) and affiliation(s), all centered on the top of the page and spanning both columns. There should be one complete line space between the title, the author names, and the author affiliations. A space of two complete lines is required between the author affiliations and beginning of the main text.

Please use Times New Roman font and single-spaced typing.

Recommended font sizes: Title 14 bold

Authors 12

Affiliations 10 italic

Abstract 9 bold

Main text 10

Please

- underline the name of the corresponding author
- do not type any page numbers
- do not use any colour in illustrations
- do not use hand-written symbols or formulas.

4 Conclusions

References must be numbered in square brackets in order of their citation in the text [1].

Guidelines for preparation of the manuscript and the Conference paper submission format (a template) can be downloaded from the BEC2006 website at <http://www.elin.ttu.ee/bec/>
